SUMMARY

I am Lucky, an IT professional with over 5 years of experience in software development, system management, and technical support. Throughout my career, I have worked with a variety of modern technologies and tools to help organizations optimize their IT infrastructure, enhance data security, and develop innovative software solutions. I possess strong skills in programming, system analysis, and troubleshooting technical issues. I am committed to continuous learning and staying updated with the latest technological advancements to provide the best solutions that can improve efficiency and performance for the company.
